Play the Game

Fusion Plus Multi Sport Unit – FP01

The Fusion Plus Multi-Sport unit is the latest release in our silhouette range of Sporting Goals and is ideal for installation at sites where open space is at a premium. The unit offers Basketball, Netball and Soccer as base activities and can be fitted with additional activity-based panels such as rear targets, Striker Goalie or side Cricket panels which will increase the number of activities on offer and further enhance the amenity of the area.

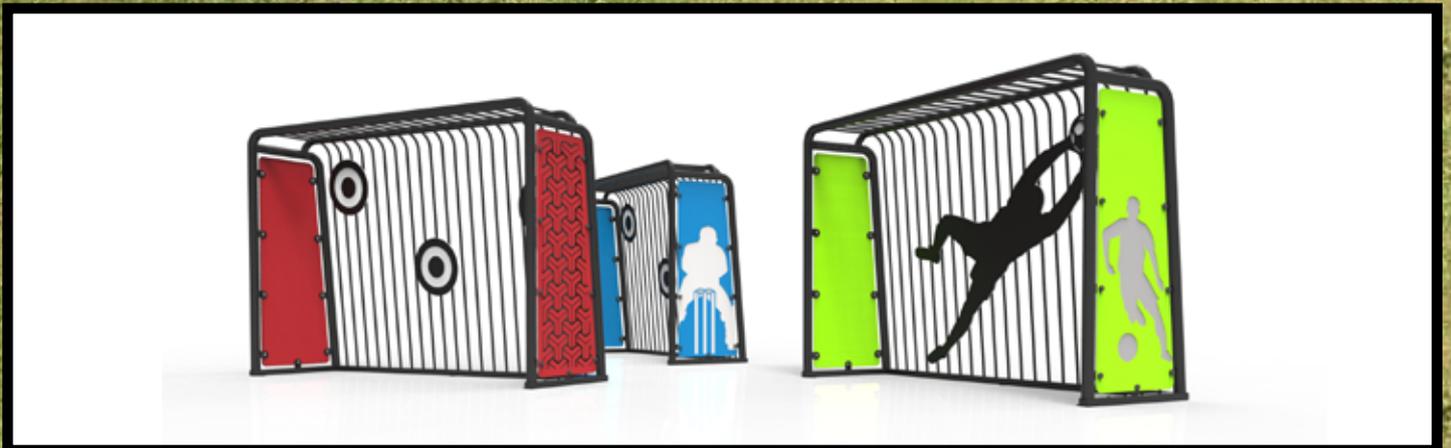

NextGen Basketball Tower – BT29

The NextGen Basketball Tower, with its bright powder coat finish and funky colour schemes, has been designed to compliment new or existing Playgrounds. Standard Basketball Towers are generally supplied in a galvanised finish which often detracts from brightly coloured adjacent Playground equipment. The NextGen Basketball Tower is available in a full range of modern powder coat colours.

Striker Goal – MP04

The newly released Striker Goal has been designed for those looking the amenity of community Playgrounds or confined sports areas. Whilst our existing MP units feature hard, industrial edges the MP04 Striker Goal has softer, more ascetic lines and can be supplied with a variety of side and rear high density polyethylene panels and is available in a 4 x funky standard colour schemes.
